5 WAYS TO INCREASE EMPLOYEE HAPPINESS

We Deliver Happiness...One Person At a Time...

1

TALK TO YOUR EMPLOYEES, NOT AT THEM.

"The leader is the person who brings a little magic to the moment."

- Denise Morrison

(President & CEO, Campbell Soup)

2

Collect Data

With an easy to use app developed by neuroscientists, you can literally measure the happiness and engagement of your employees in REAL TIME, and head off employee exits.

3

Visualize the Data

You can see with pictures and colors exactly who is stressed, overwhelmed, bored or is in the zone.

Visual data that helps you increase employee happiness.

4

EMAIL HAPPINESS CAMPAIGN

Twice a month we give you an email about a happiness topic (backed by science) that you send to ALL your employees. We do all the verified research, you get all the credit and your employees get happier.

We can prove it.

Million People Quit Their Job EVERY MONTH

It costs your company...from tens of thousands of \$\$\$\$ to 2X the employee's annual salary. (Source: Deloitte).

Isn't it time you invested in employee happiness so that revenues go up instead of down? It only takes a short conversation to learn more.

We are here to help. [Reach out](#) to schedule a call to discuss how we can help you increase employee happiness, engagement and performance.
